

## Construction Notice

### Inside Lane Closures on 104 Avenue near 116 Street

#### AREA 2

On **June 1, 2026**, persistent heavy rainfall caused traffic barriers to shift into the construction trench on 104 Avenue between 116 Street and 117 Street, resulting in a temporary lane closure in the area.

To ensure public safety, traffic has been diverted away from the affected section while Marigold crews conduct detailed site inspections and assess any impacts caused by the ongoing rainfall. Additional inspections are also being undertaken along the Valley Line West LRT route to identify and address any other potential weather-related concerns.

Pedestrian access is maintained; however, detours may be in place. Please follow project wayfinding signage in the area.

The lane closure will remain in place while assessments are completed, and repairs can be safely undertaken. Once weather conditions improve and work can proceed safely, crews will work to reopen the impacted lane as soon as possible. Further details will be shared once they become available.

### To accommodate this work, the public will be impacted in the following areas:

#### Drivers:

- Inside lane on 104 Avenue between 116 Street and 117 Street is temporarily closed.
- Traffic has been diverted around the affected area.
- Please follow all posted traffic signage and reduced speed limits.

#### Pedestrians:

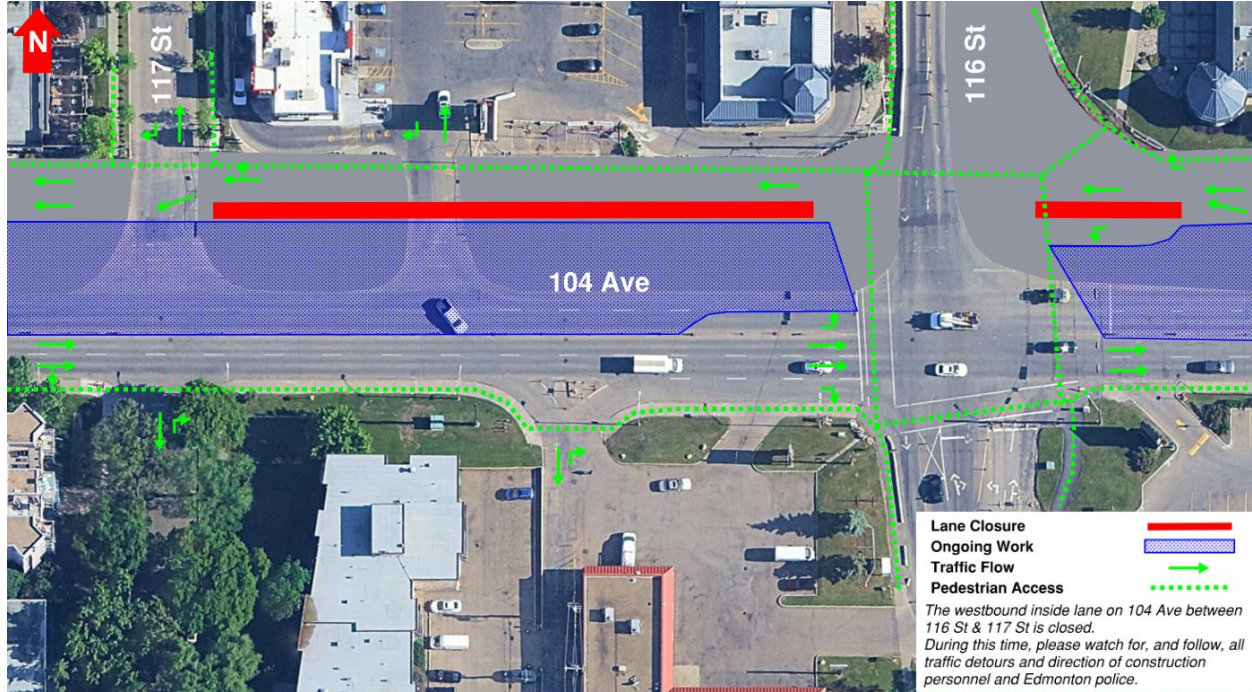

- Pedestrian access will be maintained; however, detours may be in place.
- Please observe all project wayfinding signage in the area.

#### Other impacts:

- Construction and safety teams are conducting detailed inspections of the affected area and other locations along the route.
- Repair work will begin once weather conditions improve and work can be undertaken safely.

- The duration of the lane closure is dependent on weather conditions and site assessments.
- Access to local businesses will be maintained.

### 104 Avenue near 116 Street

*The information in this bulletin is current to June 3, 2026. Please note that all dates are approximate and weather dependent. We thank you for your patience during construction of the Valley Line West LRT project.*
