

Construction Notice: Valley Line West LRT

Minor Lane Closures for Tree Removals on 156 Street, Stony Plain Road, and 102 Avenue

UPDATE – February 9, 2022 - Our team has resumed these removal works and will continue into October 2022.

Beginning on or around September 28, ~1,200 trees will be removed on City of Edmonton property between Lewis Farms and Glenora (up to 138 Street) in preparation for Valley Line West LRT construction.

This work will occur during daytime hours (7 a.m. – 9 p.m.) and is expected to last two months. Crews will endeavour to work on the boulevards adjacent to the trees, however, temporary parking and traffic interruptions may occur. Further, pedestrian traffic may be detoured while the work occurs.

The City of Edmonton makes every effort to preserve trees where possible, and to replace them at project completion if they must be removed.

Tree Removals on 87 Avenue, 156 Street, and Stony Plain Road

- This will be a Moving Work Zone – work will not be fixed to one location but will move from site-to-site along the alignment between Lewis Farms Transit Centre through to the Glenora area (Stony Plain Rd and 138 Street).
- Work will occur during daytime hours (7 a.m. – 9 p.m.)
- This work is expected to last two months.
- There will be periodic traffic interruptions while this work occurs (15 minutes up to three hours at each location).
- Pedestrian traffic may be detoured to the opposite side of the road.
