

Construction Notice

Construction of the Gerry Wright Operations & Maintenance Facility B AREA 9

As part of the Valley Line West LRT project, a new Operations & Maintenance Facility (OMF) will be built to accommodate Valley Line West light rail vehicles (LRVs). This building will be constructed behind the Gerry Wright Operations & Maintenance Facility on 75 Street and 51 Avenue and will be used to store and maintain the Valley Line West low-floor vehicles.

On or around May 24, 2022, Marigold Infrastructure Partners (MIP) will begin work to create a storage area for construction materials, trailers, and equipment in the area on the east side of the Gerry Wright OMF.

There will be increased traffic to and from the work site. Most of this work will occur during daytime hours (7 a.m. – 9 p.m.), however, occasional overnight work can be expected. The public will be notified ahead of these works.

Construction of the Gerry Wright Operations & Maintenance Facility B is expected to last five to six years.

Gerry Wright Operations & Maintenance Facility B

To accommodate this work, the public will be impacted in the following areas:

- There will be increased traffic to and from the work site.
- Noise can be expected during construction.
- Construction work will create dust. Dust mitigation measures will be in place.
- For safety and security purposes, the area will be lit with work lights. MIP will ensure that these lights are not a hazard to nearby motorists or shining into local homes.
- Every effort will be made to reduce the impact to the public.
- Construction is expected to last five to six years.

The information in this bulletin is current to May 17, 2022. Please note that all dates are approximate and weather dependent. We thank you for your patience and understanding during the construction of the Valley Line West LRT project.
