

## Construction Notice

### Anthony Henday LRT Bridge Construction Prep – Traffic Diversion Construction Area 7

On or around **August 8, 2023**, Marigold Infrastructure crews will begin work to construct crossover lanes on Anthony Henday Drive, north and south of 87 Avenue. These lanes will be built to facilitate the traffic accommodations required to install girders (large beams used to support the bridge deck) for the new LRT Bridge over Anthony Henday Drive.

To accommodate this work, the inside northbound and southbound lanes will be closed during daytime off-peak hours only (9:30 a.m. to 3:30 p.m.). These lanes will be secured and re-opened at the end of each shift.

The speed limit on Anthony Henday Drive will be reduced to 80 km/h within the work area. The speed reduction will remain in place while work occurs (daytime off-peak hours only (9:30 a.m. to 3:30 p.m.)).

Pedestrian access across Anthony Henday Drive will be maintained on the bridge.

This work is expected to last one month.

#### Impacts to the Public:

##### Drivers:

- The inside northbound and southbound lanes on Anthony Henday Drive will be closed during daytime off-peak hours (9:30 a.m. to 3:30 p.m.) only.
- Northbound and southbound traffic on Anthony Henday Drive will be reduced to 80km/h within the work area.
- The speed reduction will remain in place while work occurs (daytime off-peak hours only (9:30 a.m. to 3:30 p.m.)).

##### Pedestrians:

- Pedestrian access across Anthony Henday Drive will be maintained.

##### Other Impacts:

- There will be noise associated with this work. Every effort will be made to reduce the impact to the public.
- This work is expected to last one month.

## Anthony Henday Drive at 87 Avenue

*The information in this bulletin is current to August 1, 2023. Please note that all dates are approximate and weather dependent. We thank you for your patience and understanding during the construction of the Valley Line West LRT project. Marigold Infrastructure Partners is excited to be a part of Edmonton's economic recovery.*
