

Construction Notice

Surveying Activities on 87 Avenue, 156 Street, Stony Plain Road, 104 Avenue, and 102 Avenue AREA 10

Construction of the Valley Line West LRT continues. To facilitate construction, Marigold crews will be verifying local ground conditions and performing general roadway maintenance along the entirety of the Valley Line West alignment.

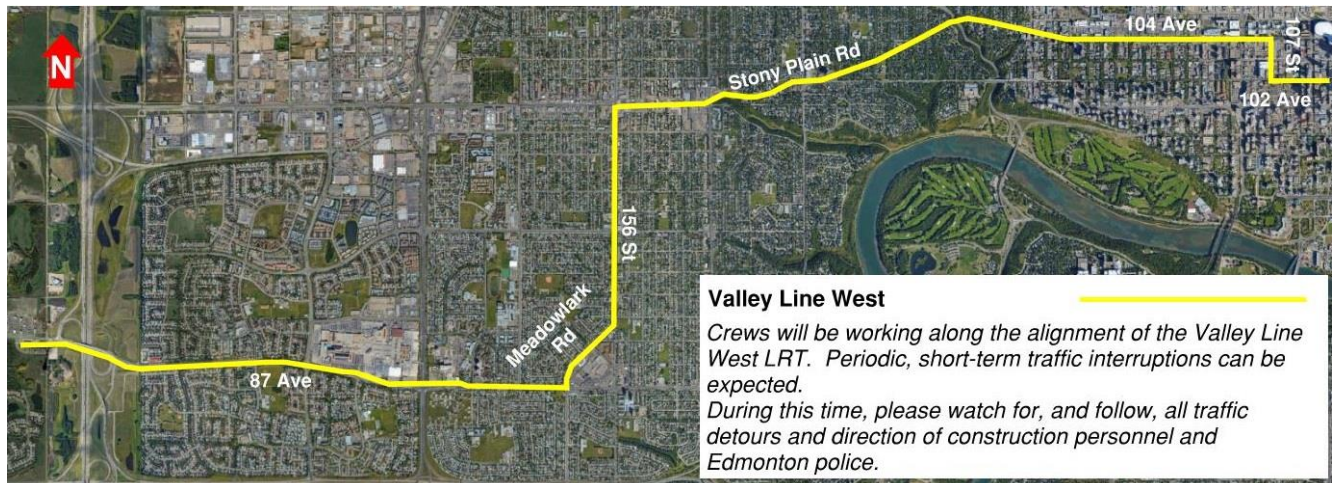

Verifying local ground conditions is accomplished by drilling holes to locate utilities, surveying, and taking measurements that will provide important data to guide the design and construction of the LRT infrastructure.

General roadway maintenance includes filling potholes and repainting lane markings.

To accommodate this work, there may be temporary, single lane closures during off-peak hours (9 a.m. to 3 p.m.); however, construction activities that do not interrupt traffic may take place between 7 a.m. and 9 p.m.

This work is expected to last three months.

Valley Line West Alignment Construction Surveying & Potholing

To accommodate this work, the public will be impacted in the following areas:

Drivers:

- This will be a Moving Work Zone – work will not be fixed to one location but will move from site-to-site along the alignment.
- There will be periodic, single lane closures while this work occurs (15 minutes up to three hours at each location).
- Traffic interruptions will occur during off-peak hours (9 a.m. – 3 p.m.)

Pedestrians:

- Pedestrian traffic will be maintained; temporary detours may be in place, please observe all signage in the area.

Other Impacts:

- Construction work that does not interrupt traffic will take place between 7 a.m. to 9 p.m.
- There will be noise associated with this work, specifically, that of a hydrovac truck.
- This work is expected to last through to the end of December.

The information in this bulletin is current to September 20, 2022. Please note that all dates are approximate and weather dependent. We thank you for your patience during construction of the Valley Line West LRT project.
