

Construction Notice

Minor Lane Closures for Tree Removals in Area 2 (Stony Plain Road Between 121 Street and 107 Street)

Area 2

On or around **December 1, 2022**, Marigold crews will begin to prepare Area 2 of the Valley Line West alignment (Stony Plain Road Between 121 Street and 107 Street) for construction. This includes:

- Removal of approximately 200 City-owned trees
- Pruning of roots and branches if they are in conflict with excavation
- Installation of protection fences around trees within 20m of construction
- Hydrovac-assisted utility location investigation.

Tree Removals in Area 2

This work is expected to last until March 31, 2023. Work will pause briefly in late December and resume in early January 2023.

This work will not be fixed to one location. Crews will move from site-to-site between 139 Street on Stony Plain Road/104 Avenue to 121 Street.

Crews will do their best to work on the boulevards adjacent to the trees; however, temporary parking and traffic interruptions may occur. Any traffic interruptions will occur during off-peak hours (9 a.m. to 3 p.m.); however, construction activities may take place between 7 a.m. and 9 p.m. Pedestrians may be detoured while the work occurs. Please follow area wayfinding signage and the direction of construction personnel.

Marigold is committed to the City of Edmonton Corporate Tree Management Policy. Vegetation that is temporarily or permanently lost due to LRT construction will be relocated or replaced. Marigold will replant more than 2,600* new trees guided by full landscaping plans. These plans will incorporate native trees and shrubs and will commence following construction.

**Previously, Marigold had indicated that 1,800 new trees were to be planted along the alignment; however, as the design of the full landscaping plan has progressed, this number has been revised to 2,600.*

Impacts to the public will include:

Drivers

- Temporary, short-term traffic interruptions. These interruptions could last for 15 minutes to three hours at each location and will take place between 139 Street on Stony Plain Road/104 Avenue to 121 Street, and on Groat Road near the Stony Plain Road bridge during off-peak hours (9 a.m. to 3 p.m.).

Pedestrians

- Pedestrians may be detoured. Please follow area wayfinding signage and/or the direction of construction personnel.

Other Impacts

- Construction activities may occur between 7 a.m. and 9 p.m.
- This work is expected to last until March 31, 2023.
- There may be noise, specifically, that of a hydrovac truck and saw cutting, associated with this work.
